

Board Structure Is Key to Oversight

David A. Katz y Laura A. Moclntosh, Wachtell, Lipton, Rosen & Katz

The primary role and responsibility of boards of directors is management oversight. Recent lawsuits against public company directors for oversight failures should prompt boards to consider whether their current governance structures are optimal for maximizing oversight effectiveness. It is common, but potentially problematic, for the audit committee to be tasked with all compliance oversight. This scenario can create an opportunity for a plaintiff to claim...
